

Annex No. 3

Illustrative example of joining a new facility in the Czech-BI

- July 2020: A new facility applies for becoming an observer of the Czech-BI
- July 2020 – July 2021: A period when the observer is welcomed to join the meetings and discussions of the Steering Committee, however without a voting right
- July 2021: In case the facility is still interested in joining the Czech-BI, it should apply for a full membership
- July – December 2021: A period for evaluation of the application by all three bodies of the Czech-BI; A time to prepare and deliver additional documents and after approval by the Supervisory Board also a time intended for preparation of a partnership agreement
- January 2022: The full membership starts
- January – June 2022: The new member participates in a preparation of the budget and proposal for a new operational grant
- January 2023: The new member is financially supported by the Czech-BI (operational finances from a large research infrastructure support, investments from OP JAK)
